

WELCOME TO DROPBOX

You're in,
and you've
got your
first file

So—what can you do?

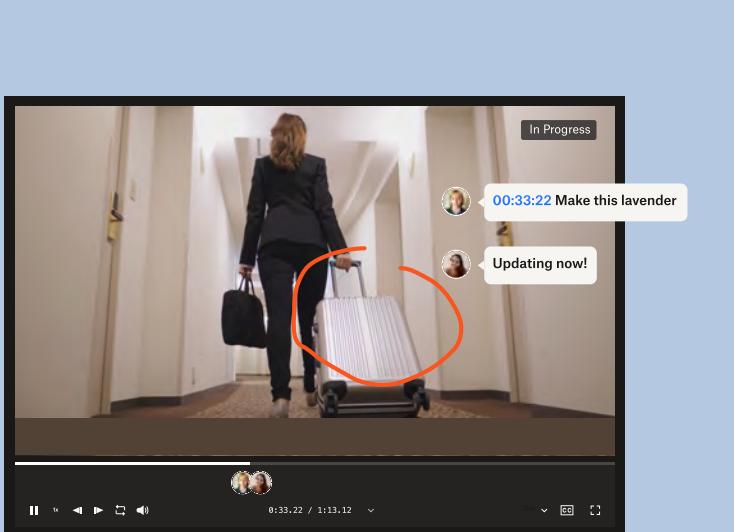

Collaborate with your team

Work together on shared files in real time, from any device. You'll get notified when there's an update or comment so the project stays in motion.

Stress-free file sharing

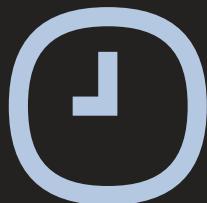

Share all kinds of work, from project files to sensitive business documents, with a link. You can add a password or expiration date, remove people, or stay up to date on who's opening it.

Add feedback or comments

Decision-making is a breeze in Dropbox. You can mark up PDFs, comment directly on a file, or even annotate videos to keep the team on the same page.

Finish work faster

Get projects done in less time with all your tools in one place.

Make edits quickly

Add or edit text in a PDF. Trim the launch video. You can do it all in Dropbox—no extra software or technical wizardry required.

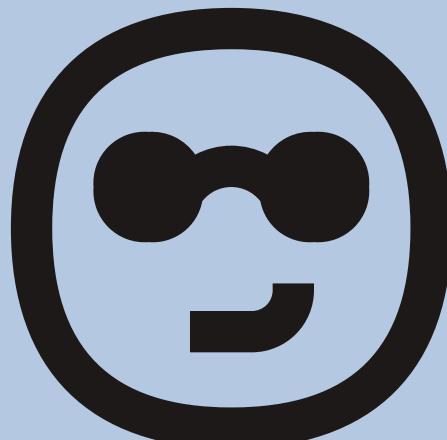

Find peace of mind

Dropbox is secure by design. Nothing to do here but relax.

Send or sign contracts

Have a file that's ready for signature? It only takes a few clicks to securely send out an agreement or sign something yourself. [Learn how.](#)

Get backed up

All of your confidential and sensitive business info is safe and automatically backed up, so you don't have to worry about unauthorized access or loss.

[Learn more.](#)

The screenshot shows a file backup interface. At the top, there's a folder icon labeled "Client_Review_2023" with a size of "57 GB". Below it is a sub-folder icon labeled "December_2023" with a size of "16 GB". Under "December_2023", there are three items: "Contract.pdf" (1.5 MB), "References.jpg" (3.2 MB), and another folder icon. Each item has a checked checkbox to its left. In the bottom right corner of the interface, there is a blue button with the text "Back up" and a cursor arrow pointing towards it.

Stay compliant

We've got robust security features—all files meet compliance and data protection standards from day one. [Learn more.](#)
